2. Use only identical replacement parts.
3. Carefully observe and follow the instructions provided below to avoid improper use of the appliance. **DO NOT** use the vacuum for any purpose other than those described in this manual.
4. Before use, carefully inspect all parts for any damage. **DO NOT** use if any parts are damaged.
5. The use of an extension cord is **NOT** recommended.
6. This vacuum cleaner contains no serviceable parts.

USE WARNINGS

7. This appliance can be used by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Cleaning and user maintenance shall not be made by children. Keep the appliance and its cord out of reach of children. **DO NOT** allow the appliance to be used by children. **DO NOT** allow to be used as a toy. 10. **DO NOT** use without filters in place.
11. Only use Shark® branded filters and accessories. Failure to do so will also void the warranty.
12. **DO NOT** damage the power cord:
 - a) **DO NOT** pull or carry vacuum cleaner by the cord or use the cord as a handle.
 - b) **DO NOT** unplug by pulling on cord. Grasp the plug, not the cord.

15. Keep nozzle and all vacuum openings away from hair, face, fingers, uncovered feet, or loose clothing.

16. **DO NOT** use if vacuum cleaner is not working as it should, or has been dropped, damaged, left outdoors, or dropped into water.
17. Use extra care when cleaning on stairs.
18. **DO NOT** leave the vacuum cleaner unattended while plugged in.

MAINTENANCE

Self-Cleaning Brushroll

Shark's self-cleaning brushroll automatically removes hair wrap. If some hair remains wrapped around the brushroll, continue cleaning to give it time to make its way to the dust cup.

If you run over a hard or sharp object or notice a noise change while vacuuming, check for blockages or objects caught behind the brushroll.

BRUSHROLL ACCESS

Using a coin, turn locks counterclockwise, then lift the door to access **Brushroll**.

DEBRIS WRAPPED AROUND BRUSHROLL

Clean off any debris on the bristles.

DEBRIS BEHIND BRUSHROLL

Clear away any dust, dirt, or blockages in **Debris Intake**.

To close the cover, push down until it clicks into place, then close the locks with a coin.

NOTE: If any hair is wrapped around the brushroll, extending cleaning time will allow the self-cleaning brushroll remove it for you. If some fibers remain wrapped around brushroll after continued use, carefully cut debris with scissors and remove from brushroll.

CHECKING FOR BLOCKAGES

Detach hose from vacuum pod, and check hose and opening on back of pod for blockages.

Detach wand from floor nozzle and handle, and check both ends for blockages.

Detach the wand from the pod, place the pod on its side, and check opening for blockages.

Detach the handle from the wand and the hose from the vacuum pod, and check openings for blockages.

Detach dust cup from vacuum pod. Empty dust cup, remove debris from lint screen, and check for blockages.
